

Ultrasound Solutions

LIFETIME WARRANTY

**SDT Products are built to last a LIFETIME...
and so is our WARRANTY**

Maintaining your ultrasound equipment has never been easier

Two conditions:

1

Register your product

2

Calibrate annually
(paid service)

We do the rest

Repairs, replacements and updates are all covered by our Limited Lifetime Warranty
You use it, you break it, and we fix it... no questions asked

CONFIDENT

RELIABLE

QUALITY

WHY CALIBRATE ?

Annual calibration ensures integrity of the data used to make decisions about your assets

Returning Your Products for Service

- 1 Submit a Service Request Form
- 2 Send equipment to the Approved SDT Service Provider
- 3 Service Provider verifies all received components
- 4 Approve our estimate and authorize us to proceed
- 5 Full service completed in three business days

SDT is an ISO9001 certified factory

Comprehensive factory training is required to be an Authorized SDT Service Provider
